

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

October 25, 2021

Dear King Members, Friends, and Family:

We continue to see very high case activity COVID-19 here in Waupaca County.

Since we updated you on October 20th, we have had one employee test positive for COVID-19. Currently we have seven cases of COVID-19 on campus (one member, six employees).

Sadly, we've also had two members with COVID-19 pass on. These are our nation's heroes. I've said it before, but one of the very best things about working at King is the relationships we build with the men and women who have served our country. We take great pride in caring for them. The people who live here are more than just a patient to us and what we do is more than just a job. We send our deepest condolences to those members' family and friends.

We cannot prevent the spread of coronavirus without your help. It is imperative for all of us to do our part in protecting our staff and members from this virus. It is so important to continue to wear a mask when out, maintain at least six feet from others, and wash our hands frequently.

Please get a vaccination if you have not already done so. If you are vaccinated, know that there are three COVID-19 booster dose options. These give us additional tools to help stop the spread of the highly transmissible Delta variant and slow the spread of COVID-19 in communities throughout Wisconsin.

Sincerely,

Tammy Servatius, Commandant
